DETAILED ACTION

Claims 19 and 38 are allowable. Claims 33-37, and 42, previously withdrawn from consideration as a result of a restriction requirement, require all the limitations of an allowable claim. Pursuant to the procedures set forth in MPEP § 821.04(a), **the restriction requirement between inventions, as set forth in the Office action mailed on May 22, 2009, is hereby withdrawn** and claims 33-37 and 42 are hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01

Allowable Subject Matter

Claims 19-57 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's arguments dated September 3, 2009 are persuasive. Additionally, the term "end face" is imparted with its meaning as stated on page 3, lines 11-16 of the specification, "[T]he end face of the drive or output element should be understood as an area that is

Art Unit: 3656

substantially perpendicular to its axis of rotation. In a circular-cylindrical drive or output element, the end face should thus not be understood as the lateral surface but as one of the circular or ring surfaces.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JUSTIN KRAUSE whose telephone number is (571)272-3012. The examiner can normally be reached on Monday - Friday, 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Richard Ridley can be reached on 571-272-6917. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
